Crisis Statement on Behalf of Corona Beer

Attention All Valued Corona Customers,

Over the past several weeks we have become increasingly aware that many of our customers share the concern that Corona beer is linked to the current coronavirus (Covid-19) epidemic.

While the name of our beer and the spreading virus are similar, please rest assured that this is the **ONLY** similarity and that Corona beer does not cause or exacerbate coronavirus (Covid-19) or its symptoms. Something that is true is that we as a company, take the health of our employees and customers with the utmost amount of importance which is currently evident in our many health and safety regulations as we continue to strive to be miles away from ordinary.

In order to prevent the spread of illness for you and your loved ones we strongly recommend following the CDC's prevention tips which can be found here.

<https://www.cdc.gov/coronavirus/2019-ncov/about/prevention-treatment.html>

If you have any questions, please contact us at the office of the Chief Operations Officer at 212-563-1498.
